BTD INTERLOCK SECTION

How to order your fence:

Option 1) Measure the lineal meter of fence you require and send us a diagram of the shape of your fence showing start and stop points, any corners etc and we will work out the components for you.

Option 2) Alternatively you can measure the length of fence required, calculate the number of posts (@ 1.87cm centers) and type, i.e. corner, line and end posts etc then fill out the following form.

You can either [print this form off](#) and post to us or email it to us by clicking on the submit button.

Option 1:

No. Rails 2 Rails 3 Rails

Post size standard 125 x 125 Other Size

Other size - please specify
